BUREAU OF LAND MANAGEMENT

SJ-92-08
U-069

Moab District
San Juan Resource Area
P.O. Box 7
Monticello, Utah 84535

IN REPLY REFER TO

Mr. John K. Brown
578 Huntridge
Moab, Utah 84532

Dear Mr. Brown:

Your Notice of Intent to conduct mining operations on the Maybe and Bobcat mining claims was received in this office on June 24, 1992. The notice has been assigned serial number SJ-92-08; please refer to this number in all future correspondence.

Your Notice has been found to contain the required information outlined in 43 CFR 3809 and the necessary clearances have been done (i.e. archaeology, T&E etc.). This letter acknowledges receipt and acceptance of the subject mining notice.

Copies of the information provided in this Notice of Intent will be forwarded to the Utah Division of Oil, Gas, and Mining (DOGM). As such, you will not be required to provide this information to DOGM, however, reclamation under this Notice is required within the specifications of the Utah Mined Land Reclamation Act. All mining claimants/operators that plan to use, store, or divert water are required under Utah statute to notify the Utah Department of Water Resources at 1636 West North Temple, Salt Lake City, Utah 84180-1203.

I would like to stress that the 43 CFR 3809 Surface Management Regulations require that you reclaim the land and take reasonable measures to prevent unnecessary or undue degradation of the Federal lands during your operations. At a minimum the following mitigating measures should be taken to meet this requirement:

1. The mine sites, structures and other facilities will be maintained in a safe and clean condition during any non-operating periods.

In accordance with regulations at 43 CFR Section 3809.1-3(5) you must notify this office when work is complete so a final inspection of reclamation can be made. We will assist you in developing appropriate reclamation techniques, if requested. If your operations extend for more than a year, please advise us of the status of your mining activities on the anniversary of your notice.

RECEIVED

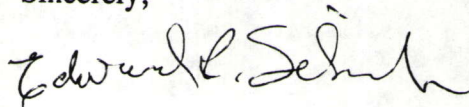

JUL 06 1992

DIVISION OF
OIL GAS & MINING

Acceptance of this Notice of Intent will not now, or in the future serve as a determination of the validity of any mining claim to which it may relate.

If you have any questions, please contact Ted McDougall at (801) 587-2141. Thank you for submitting your notice.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward L. Schuch". The signature is written in a cursive style with a large, stylized "E" and "S".
